Meteorologist's View

Nothing to add.

Forecast for Saturday 15 Aug 2020

Weather: Cloud across eastern fells soon clearing in the morning, otherwise a bright day with sunny spells, especially in the west, but also the risk of, especially for southern fells, one or two heavy and perhaps thundery showers.

Maximum wind: Variable, mainly easterly, 10mph or less

Chance of cloud free mountain/hill tops above 800m: Around 25% at first over eastern fells with occasional or periods of cloud above 450m, otherwise around 90% with only small amounts of cloud, mainly in association with any showers, expected below summit level.

Visibility: Rather hazy under cloud in the east, otherwise very good falling to just a few kilometres in any heavy showers.

Temperature: **Valleys:** Around plus 14 Celsius at dawn rising to 22 or 23 Celsius by day
At 800m: Around plus 13 Celsius
Freezing level: Well above the summits.
